If you like building and a challenge, and you build with unlimited budget and resources, this is for you, if you dont like building, dont buy this.. Very fun DLC. Which I suspect it the point of playing the game in the first place.. I like the building but it could've used more story, personally the vault 88 workshops should not have a size limit, but overall it provides building mechanics, people keep whining about it not being worth its price, but what if it was a 10\$ or even a 30\$ DLC,. Out of the ocean of these unnecessasarily horrible comment I would like to say this is actually a pretty good because all you have to do is watch a couple of youtube videos.UNLIKE ALL THESE SPOILED B I T C H E S IN THE COMMENTS BELOW.Dont listen to those spoiled\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665e r s Bethesda trys its best.This addon is worth it and is enjoyable so just ingnore the horrible comment and consider this DLC.
